# Home Management

*with 4-H Club Members*

## LIST OF STATE PUBLICATIONS ON HOME MANAGEMENT WITH 4-H CLUB MEMBERS

Home management in many States is not a separate 4-H project. The principles of home management are incorporated into the other subject matter fields of home improvement, clothing, foods and nutrition, child care and food preservation. This list of State Extension publications in home management has been compiled so that you might be able to find the material that other States have available. It includes only that prepared for 4-H Club members in printed or multilithed form that are now in our files. No mimeographed material is included. We appreciate receiving copies of new material so that our files may be kept up to date.

908011
